

Personal Vision Statement

Jerald W. Day

My mission is to influence others toward an increasingly meaningful relationship with Christ through teaching, administration and leadership.

In pursuing this mission I shall:

- **Live a God-centered life that is rooted in God's word. Seek to glorify God in everything.**
- **Maintain appropriate priorities: God, wife, family, church, and profession.**
- **Create a climate that fosters love, openness, encouragement, and mutual support.**
- **Provide visionary leadership and continually communicate a God-given vision.**
- **Set an example of complete honesty and utmost integrity.**
- **Seek opportunities to begin new relationships and build established ones.**
- **Utilize God-given talents, gifts, and opportunities for leading others to Christ and nurturing them spiritually.**
- **Use management methods that maximize effectiveness with staff and other key leaders.**
- **Practice good stewardship of financial resources. Plan and implement a process enabling our family to tithe to our church, meet current and short range goals, invest wisely for retirement, and give generously to worthwhile causes.**
- **Seize opportunities for study, additional training, reflection, exercise, and recreation.**
